Welcome

Dear NJJBA Member,

On behalf of the Board of Directors of New Jersey Jewish Business Alliance, I would like to extend a heartfelt thanks to all our members for an incredibly successful year. This past year has had some challenges, yet as I reflect on 2022, I am left feeling an astounding amount of gratitude. First and foremost, for our loyal members for their unwavering commitment to support and grow our community.

The critical questions I asked myself as I looked back across last year were: Did we provide opportunities for connection, expansion and growth? Did we come together as a community to achieve common goals of business enchantment? Did we serve as a unified voice for businesses? And were we an advocate for you? By the measure of those questions, I believe, the past year was a wonderful year for which I am incredibly grateful. We enjoy what we do. We enjoy for whom we do it. We enjoy how we do it. We chose to push through, supporting each other even when it was hard, for the betterment of those around us. Despite the global economic crisis, NJJBA expanded to provide greater access and resources to the whole state. We also increased the outreach and engagement. This growth is a testament to the value that our members see in the NJJBA.

One of the most gratifying moments for our team has been the opportunity to work with our members to help them navigate, adapt and adjust to new economic realities. It has never been clearer how vital the mission of NJJBA is. If anything, the last few years reinforced our core beliefs and values as an Alliance.

The Board and I look forward to serving NJJBA and accomplishing results that will make an invaluable difference in the lives of our members, our community and our state. We are grateful for the rewarding and valued relationships we have with our members, and look forward to moving onward and upward with you in 2023.

Sincerely,

Miles Berger
Chairman of the Board

Welcome

Dear NJJBA Member,

First and foremost, some exciting news about the past year; we grew our membership by 25% and our reach by 50%. We also had a record number of events and programs, which engaged and connected our members.

We are especially proud of our work in the area of economic development. We helped to create and retain jobs in our membership community by working with businesses and government officials. We also helped to connect businesses with each other and with the resources that they needed to grow and thrive.

Enclosed is the new and updated 2023 New Jersey Jewish Business Alliance Directory featuring additional sections and a larger, more diverse business listing. We've been working tirelessly to fulfil our goal; to provide utmost support and opportunity for our members. Be it referrals and introductions, networking events, educational conferences or business forums, our passion for helping you connect, expand and grow remains strong.

We are looking forward to an even more successful year in 2023. We have big plans to continue to grow our reach and to continue to provide value to our members. We hope that you will continue to be a part of the Alliance and help us to achieve our goals.

We wish to extend a special thank you to all of our sponsors and advertisers who share our common goals, believing in ensuring that New Jersey is the recognized place to work, live and do business for the Jewish Professional.

Sincerely,

David Rosenberg

NEW JERSEY

At 7,354 square miles (19,050 km²), New Jersey is the fifth-smallest state in land area; but with close to 9.3 million residents, it ranks 11th in population and first in population density. The state capital is Trenton, and the most populous city is Newark.

New Jersey was first inhabited by Native Americans for at least 2,800 years. The British later seized control of the region and established the Province of New Jersey, named after the largest of the Channel Islands. Following the American Civil War's end, the state emerged as a major national center of manufacturing and immigration, helping drive the Industrial Revolution and becoming the site for many industrial, technological, and commercial innovations into the mid 20th century.

Since New Jersey's December 18, 1787, founding, many notable New Jersey residents have contributed to the nation's emergence as a global economic and political superpower, making substantial contributions across academics, activism, art, business, entertainment, government and politics,²²

military, music, religion, science, and in other fields. In 1789, New Jersey was the first state to ratify the United States Bill of Rights.

New Jersey's central location in the Northeast megalopolis helped fuel its rapid growth and suburbanization in the second half of the 20th century. At the turn of the 21st century, its economy increasingly diversified, with major sectors including biotechnology, pharmaceuticals, specialized agriculture, and informational technology. New Jersey remains a major destination for immigrants and has one of the most multicultural populations in the U.S. Echoing historical trends, the state has increasingly re-urbanized, with growth in cities outpacing suburbs since 2008. New Jersey is one of the wealthiest states in the U.S. with the third highest median household income as of 2019. Almost one-tenth of all households, or over 323,000 of 3.3 million, are millionaires, the highest per capita rate of millionaires of any state in the country. New Jersey's public school system consistently ranks at or among the top of all U.S. states.

The official nickname for New Jersey is “Garden State”. The name was first used to advertise farmland in one part of the state, the Pine Barrens.

The most popular state park in New Jersey is Liberty State Park in Jersey City. The park was built for the country’s 200-year anniversary. It features views of the Manhattan skyline, a memorial for the Sept 11 terrorist attacks, and ferry service to the Statue of Liberty on Liberty Island of New York State, which is just 1984 ft (605 m) offshore from the park.

New Jersey earns around \$2.8 billion per year from gambling in casinos, second only to Nevada (home of the famous Las Vegas), which earns 7.8 billion.

Ellis Island, which is part of the Statue of Liberty National Monument, belongs to both New Jersey and New York State. The two states claimed the island for years, until the U.S. Supreme Court decided that 83% of the island belonged to New Jersey in the 1998 New Jersey v. New York case.

In 2005, New Jersey became the first state to award public funding for stem-cell research.

Trenton was once the capital of the United States! The honor only lasted for less than two months in 1784.

The world’s first cell phone call was made by Motorola general manager Martin Cooper when he called from Manhattan to Bell Labs in New Jersey. The world’s first color TV was presented by RCA at their plant in Camden, New Jersey in 1940.

The state is home to 28 Fortune 500 companies, including Johnson & Johnson, Merck, Bed, Bath & Beyond, Avis Budget Group, and Campbell Soup.

Several of New Jersey’s counties have been ranked among the highest-income counties in the country, including Somerset (7th), Morris (10th), Hunterdon (13th), Bergen (21st), and Monmouth (42nd).

The inventor of the ice cream cone, Italian immigrant Italo Marcioni, lived in Hoboken, New Jersey, and would push his cart to sell ice cream across the Hudson River in Wall Street.

The street names in Monopoly come from Atlantic City on the coast of New Jersey.

Hycrete INC

Hycrete is the premier waterproofing company. With Hycrete's solutions, regular concrete becomes hydrophobic concrete, keeping water out and reducing moisture vapor transfer. Protective barriers are formed around rebar, resulting in highly effective concrete corrosion inhibition. We are a full service waterproofing company who protects your structure from the inside and the outside.

Approved Funding

Approved Funding Corp., a licensed mortgage bank, was founded in 1987 to assist those homebuyers and homeowners that were deprived of a local source to get the best mortgage to suit their needs. Since its humble beginnings, Approved Funding has grown to a regional mortgage lender with offices in several states to facilitate this quest. Approved Funding boasts an excellent reputation of Service, Integrity, and Professionalism with their thousands of mortgage clients. Utilizing the most advanced resources and technology available, AFC offers the power of a large banker with the mindset of a local broker to close loans quickly and at a low cost to our borrowers. Since its start, AFC has closed several billions of dollars of satisfied mortgage loan transactions.

Peek Properties LLC

PEEK Properties was originally formed in 2018 as a Joint Venture between The Fountain Group and Equis Realty Partners. Today, PEEK Properties is a fully integrated developer, owner, and operator of multifamily projects located in New Jersey. Our primary focus is on urban areas that offer existing value-add properties or new development sites. We believe in a long-term strategic approach to owning and operating properties and seek to work in partnership with local municipalities. PEEK Properties is also one of the earliest adopters of utilizing the Qualified Opportunity Fund structure for our projects located in Opportunity Zones. As such, we can provide unique tax advantages to our investors while also maintaining our long-term strategic approach to owning and operating multifamily projects.

Lucida Surfaces USA

What is a floor?

A floor is a stage. Life's stage. A stage upon which you play your music. A stage upon which you live your symphony. A stage upon which you stand, walk, dance, stand, move in harmony. To perform upon a stage that reflects your music, you need a surface that upholds your life.

That's Lucida, where life surfaces.
